

PART 1:

NEIGHBORHOOD CLEAN-UP PROJECT

We challenge you to take a walk around your neighborhood and do your part in keeping our planet clean.

Did you know 11
million metric tons
of plastic ends up in
the ocean every
year?

protecting the environment

WHAT'S HAPPENING?

- Every year, 1.3 billion tons of food is wasted which accounts for **4.4 gigatons of greenhouse gas emissions**
- **More than 500 species** of land animals are predicted to be **extinct** within the next 20 years
- By 2040, **600 million tons of plastic**, including microplastics, will end up in the ocean
- Every minute, **forests the size of 20 football fields** are cut down
- Rising temperatures are causing **global sea levels to increase by 3.2 mm per year**

HOW TO HELP

Reduce, Reuse, Recycle

Plant a tree

Turn off the lights when not in use
